Hi IDEM CCR Team,

A few more CCR notes for you. The legacy CCR surface impoundment advance notice of proposed rulemaking (ANPRM) was published in the Federal Register October 14th, 2020. There will be a 60-day public comment period until December 14, 2020.

Here is a link and I am also attaching the PDF: <https://www.federalregister.gov/documents/2020/10/14/2020-22058/hazardous-and-solid-waste-management-system-disposal-of-coal-combustion-residuals-from-electric>

Also, on October 15th, 2020 the Administrator signed the CCR Part B final rule regarding the alternate liner demonstration provision. I've attached the a pre-publication version of the final rule. Other provisions from the March 2020 proposal will be addressed in future actions. We can share the published version once it is published in the Federal Register.
